CLINIC INFORMATION

The Intro To Ranch Horse Clinic offers riders an opportunity to learn about the Ranch Horse Competitions held by the RMBA. The clinic will focus on two of the three facets; the cow work and the reining or dry work. The cow work portion will focus on components included in the Ranch Horse Competitions including live cow practice. The reining will include all components of judged reining maneuvers.

Tye MacDonald

The 2021 clinic will offer a rotating format between two clinicians. ❖ **Tye MacDonald** is an industry professional whose experience includes starting colts, training and showing reined cow horses, and coaching non-pro riders. He has been in the horse industry for over 20 years. He brings practical cow experience, show experience, and familiarity with the RMBA Ranch Horse Competitions. Find him on Facebook at MacDonald Performance Training.

❖ **Jess Holloway** and his wife started their training barn in 2001, “Holloways Pretty Good Horse Barn”. Jess has been starting colts for over 20 years and was an instructor at Montana State University in their equine program. He has a passion for teaching western horsemanship and training reined cow horses and riders.
